(vii) For more information on studying in Australia, go to https://www.education.gov.au/
(viii) Not default during your study at the College

An overseas student or intending overseas student defaults, in relation to a course at a location, if:

- The course starts at the location on the agreed starting day, but the student does not start the course on that day (and has not previously withdrawn); or
- The registered provider of the course refuses to provide, or continue providing, the course to the student at the location because of one or more of the following:
  - ✓ The student failed to pay an amount payable to the provider for the course;
  - ✓ The student breached a condition of his/her student visa;
  - ✓ There is misbehaviour by the student (Note: the student is entitled to natural justice).

Note: A student does not default for failing to start a course on the agreed starting day if he/she does not start that course because the provider defaults in relation to the course at the location.

The College is obliged to report your non-commencement of the course to the Department of Home Affairs (DHA) within 30 days of Course commencement if you fail to report to the College on the commencement date or fail to contact the College to make other arrangements.
