Student Visa Requirements - Overseas Student Health Cover

Australia has a very modern and efficient health care system. Overseas Student Health Cover (OSHC) is a type of insurance that allows students to use the Australian healthcare system and it covers the costs for any medical or hospital care which students or their dependents may need while studying in Australia. It will also cover some prescription drugs and emergency ambulance transport.

If you are an international student studying in Australia, you must purchase an approved OSHC policy from a registered health benefits organization, commonly referred to as health funds, before applying for your visa. Students must buy OSHC before they come to Australia, to cover them and their dependents. Students and their dependents will also need to maintain OSHC throughout their stay in Australia.

Students can find out more about purchasing Overseas Student Health Cover at the following websites:
https://oshcaustralia.com.au/en

The College can arrange this for you upon your request.
